DJML *truly a magic print* [®]
DJ Mediaprint & Logistics Limited
unmatched speed...

DJML AT A GLANCE

DJ Mediaprint & Logistics Limited, is a professionally managed, integrated print, media, and logistics solutions provider. The Company operates a diversified business model, offering end-to-end services under one umbrella, enabling seamless execution across design, printing, data handling, mailing, and logistics. With a strong emphasis on quality, security, and timely delivery, DJML has built long-standing relationships with clients across sectors, positioning itself as a reliable and scalable service partner.

Over the years, the Company has demonstrated consistent growth and strategic evolution. DJ Corporation was started by Mr. Dinesh Kotian in 1999,

DJ Logistic Solutions Private Limited transitioned into a corporate structure in 2009, expanded its service portfolio, and rebranded as DJ Mediaprint & Logistics Limited in 2017. Strengthening its institutional credibility, DJML was listed on the BSE SME platform in 2020 and successfully migrated to the BSE and NSE Main Board in 2022 — reflecting strong governance and operational excellence.

Backed by advanced technology, integrated infrastructure, a pan-India footprint, and robust data security frameworks, DJML has built long-standing client relationships across sectors. With diversified revenue streams, a resilient supply chain, and a skilled workforce, the Company remains committed to sustainable growth, quality excellence, and long-term value creation.

CONTENT WRITING

CONTENT WRITING

At **DJ Mediaprint & Logistics Ltd. (DJML)**, we don't just create content — **WE SHAPE BRAND EXPERIENCES.**

Our approach blends strategic writing with modern design thinking to deliver communication that is crisp, engaging, and purpose-driven. Every project is crafted with a balance of clarity and creativity, ensuring your message stands out in a competitive digital-first world. From impactful business narratives to visually refined layouts, we help brands communicate with confidence, intent, and style.

We create annual reports that communicate performance and strategy with clarity

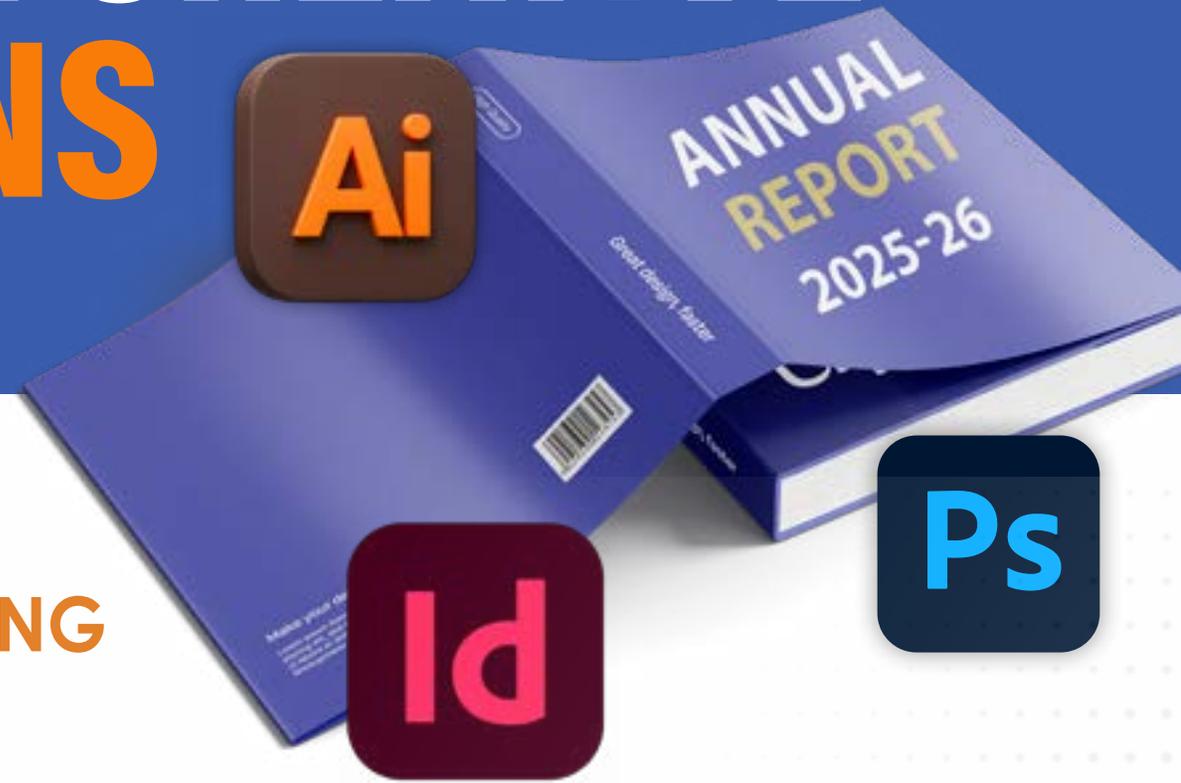

- Clear and concise business narration covering operations, milestones, and strategic direction
- Professionally structured MD&A presenting operational and financial insights, opportunities, and risks
- Engaging Chairman's / Director's Message reflecting leadership vision and future outlook
- Compliance-oriented content for Corporate Governance, CSR, and BRSR disclosures
- Seamless integration of content with infographic, charts, and premium design layouts

SCANNING & DIGITIZATION SERVICES

DOCUMENT DIGITIZATION SERVICES

We provide secure, end-to-end scanning and digitization solutions that transform physical records into structured, searchable digital assets. Our process ensures accuracy, confidentiality, and compliance through controlled handling, high-resolution scanning, and systematic indexing. With technology-enabled workflows, we enable quick retrieval, secure storage, and long-term preservation of documents, improving accessibility, and supporting audit and regulatory requirements. Our solutions are designed to help organizations streamline operations, enhance data security, and gain complete control over their records lifecycle.

Our scalable solutions are tailored to meet the unique needs of businesses across various sectors, from healthcare to legal, financial, and government institutions.

Our dedicated team of experts works closely with clients to create customized workflows that optimize operational efficiency and meet specific business objectives. Whether it's batch scanning, document indexing, or metadata tagging, we ensure that every document is properly organized and easily accessible for future use. With our end-to-end solutions, organizations can significantly reduce manual errors, enhance productivity, and unlock valuable insights from their data—

empowering teams to focus on strategic initiatives while ensuring full compliance and security. Let us help you move towards a future-ready organization with our reliable, innovative, and secure digitization services.

SCANNING & DIGITIZATION WORKFLOW

01

Collection & Assessment

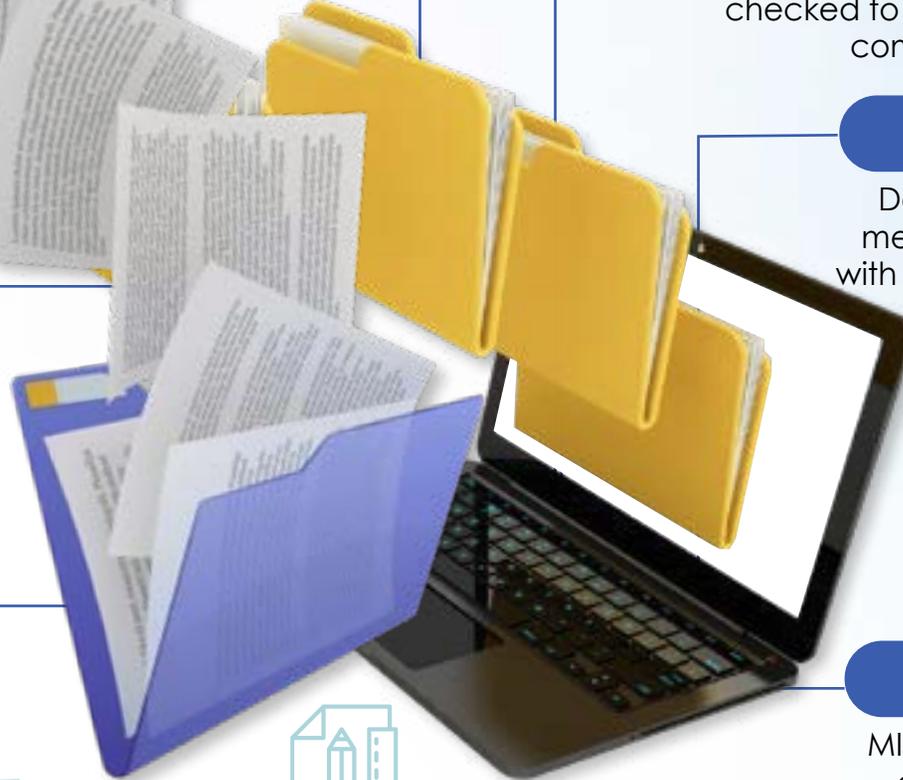

Documents are received, verified, and categorized by type and priority

02

Preparation

Staples and bindings are removed; documents are cleaned and sorted for scanning

03

High-Quality Scanning

Records are scanned using professional equipment for clear and accurate digital copies

04

Image Processing & QC

Files are enhanced and checked to ensure quality and completeness

05

Indexing & Storage

Documents are tagged with metadata and securely stored with access controls and backups

06

Reporting & Retrieval

MIS reports track progress, and authorized users can easily search and access files

Why DIGITIZATION MATTERS

SECURE INFORMATION CONTROL

Protects sensitive records with controlled access and reduced physical risk

INSTANT ACCESS & RETRIEVAL

Enables quick search and faster availability of critical documents

COMPLIANCE & AUDIT READINESS

Structured indexing supports regulatory and audit requirements

SPACE & COST EFFICIENCY

Minimizes physical storage while lowering long-term costs

OPERATIONAL AGILITY

Improves workflow efficiency and supports faster decision-making

RECORD MANAGEMENT SERVICES

END-TO-END SOLUTIONS FROM RECORDS CREATION,
RETENTION, ARCHIVING AND RETRIEVAL...

WHAT WE DO?

DJ Mediaprint & Logistics Ltd. (DJML) provides complete record management solutions covering records creation, retention, archiving, retrieval, and secure destruction

Our goal is to take full responsibility for managing and protecting your records, allowing your team to focus on core business operations.

With over 4,00,000+ sq. ft. of dedicated storage space across multiple locations, our Record Management Centers are equipped with advanced RMS/DMS software, online access, secure logistics, and 24/7 surveillance with fire and safety systems. Records are stored in a highly organized, confidential, and easily retrievable manner, following stringent data security standards.
